

Skinner Middle School

Math Summer Homework Assignment for Incoming Geometry Students

*Students must complete assigned tasks below by the first day of school on Thursday, August 25, 2016.

IXL Review Topics: REQUIRED FOR ALL INCOMING GEOMETRY STUDENTS

- Students must get a smart score of AT LEAST 90 on the IXL topics listed below.
- Topics were selected to prevent summer slide as well as to help students see where their skill gaps might be. If you struggle to complete a topic (it takes you more than a couple of days or you can't get your smart score above 50), that is a sign that you need extra help on that topic. Please reach out to Ms. Nenni by emailing her if you have questions.

Integers	Rational Numbers	Exponents	Pythagorean Theorem	Expressions with variables	Systems of linear equations	Geometry
<input type="checkbox"/> C.3	<input type="checkbox"/> E.1	<input type="checkbox"/> F.3	<input type="checkbox"/> O.4	<input type="checkbox"/> U.5	<input type="checkbox"/> Y.8	<input type="checkbox"/> Q.16
		<input type="checkbox"/> F.10		<input type="checkbox"/> U.7		<input type="checkbox"/> Q.20
		<input type="checkbox"/> F.13				
		<input type="checkbox"/> F.15				
		<input type="checkbox"/> F.17				

The above assignments are all through www.IXL.com, and can be found within the **8th grade** section of topics. If you are a new-to-Skinner 8th grader and do not yet have an account, please e-mail me with your full name and lunch number to get your username and password for the program.

Be prepared to work hard! If you need more math activities to challenge you over the summer, www.illustrativemathematics.org is a great website with tasks for all grade levels.

Go Scorpions,
Ms. Nenni
